

CrossStitcher

## Our stitcher says...

"I used a small frame to stitch the towel and face cloth. For the slippers I held the aida band with my left hand and stitched with my right." Fiona Owens

## Instant expert

### Stitching on ready-made items

Keep the reverse of your work as neat as possible, especially if you're stitching on to a usable item. Knots and loops can be easily snagged. If you wish, you can add iron-on interfacing to the back of your stitches to create an extra tidy and secure finish.

## Spa quality

DMC Anchor Madeira

### Cross stitch in two strands
